

Astound Specialist Services is a complete solution from defining your company's specialist service needs with a personal consultation through to being your ongoing facilities partner. We pride ourselves on our excellent communications, specialist multifaceted knowledge, exceeding our customers' expectations, hands on partner relationship approach and unrivalled professional level of service with the Astound Standard guaranteed.

## How it works

We use a completely self-contained chewing gum removal system. When we simply inject an environmentally friendly cleaning agent into our distinctive machine and combine it with the power of steam (reaching the soaring temperatures of 180°C), it helps the Astound Operators break down the chewing gum and when the steam and cleaning agent is released at the head of the cleaning wand it leaves little or no trace of the chewing gum ever being there.

## Efficiency

We are passionate about core values and this distinctive system helps us to stand by them. The system we use qualifies for the governments enhanced capital allowance scheme. This is because of the minimal energy it actually uses to perform the task its used for.

## Before

## After

Instant Site Quotes Available

This system ensures we are able to effectively remove the chewing gum leaving only a damp surface with literally no mess. the environmental impact stays minimal with the use of environmentally friendly chemicals and our commitment to being a carbon neutral company.

## Graffiti Removal

How do we tackle the problem?

We tackle the problem head on by first clearing the graffiti from your property using our heated steam system. We then apply anti-graffiti paint; just one coat applied to any surface keeps any future destructive attacks from needing such an intensive cleaning task.

This will help you to protect that surface from not only graffiti but scuffing, traffic film, UV degradation, grime and stains. It is proven to withstand hundreds of cleans and lasts over 20 years. It is ideal for all surfaces (internally and externally) and complies with all current building regulations.

***“Astound Cleaning staff are organised, flexible and very professional at all times.”***

*John Couling  
Estates Manager, Western Sussex NHS Trust*

**We can also help you with:**

- Night cleaning service
- Shop front cleaning
- Emergency call outs 24hr service
- Grout renovation
- Toilet deep clean service
- Kitchen degrease and deep clean
- Anti graffiti solutions

**Environmentally Friendly**

Astound cleaning pride themselves on not only being a proactive and efficient cleaning company but also at the forefront of Green Cleaning. We not only offset all our carbon emissions but when it comes to using chemicals, use only the greenest and most environmentally friendly chemicals on the market. Astound also use bio-fuels and sustainable gasses to power their unique hot water systems and in the case of the graffiti and gum removal, use nothing more than heated water, keeping our carbon footprint to a minimum.

*“Astound are quick, efficient and always do a great job with good attention to detail.”*

*John Rumsey  
St Meads Park Primary School*

**Per Square Metre Billing**

Our simple pricing plan is easy to follow as we have three different stages for the intensity of removal that needs to take place; light, medium and heavy soiling. After we have established the severity of your chewing gum problem we then apply our simple per metre pricing. We do our utmost to provide you with a ‘same day’, competitive quote on the clean you require.

**Free on-site demonstration of our service**

We believe we have one of the most advanced cleaning systems and setups available in the industry today. We would really like to demonstrate this to you with a free clean on the area of your choice.
